

THE SOPHISTICATION OF JAPANESE SLIP PORCELAIN***Friday 12, Saturday 13 and Sunday 14 October 2018***

A journey through the Japanese mind and hands.

A fascinating technique inspired by the ancient Japanese ceramic culture that will allow us to develop contemporary projects of great beauty, refinement and lightness. Course of construction of objects with the use of slip porcelain and treatment of surfaces in the Japanese style. Preparation of porcelain, recipes. An ancient technique of liquid porcelain applied with current methods through the use of porcelain plates, applied also to sculptural objects. Drying, firing, glazing, corrections of cracks and deformations.
