

EXTRAORDINARY JAPANESE CONSTRUCTIONS***Wednesday 10th and Thursday 11th October 2018***

A complex and fascinating technique focused on the personal artistic work of Kazuko Uga. The construction of the liquid porcelain will allow us to develop contemporary projects of great beauty, refinement and lightness. Course of construction of objects with the use of white and pigmented liquid porcelain. Course of construction of objects with the use of slip porcelain and treatment of surfaces in the Japanese style. Preparation of porcelain, recipes. Drying, firing, glazing, corrections of cracks and deformations.

The artist will be on show in Faenza from the 9th to the 21st of October as part of the "Japanese October" Festival.
