

# BASIC TECHNIQUES OF THROWING

---

**INTENSIVE COURSE ON THROWING**

**26-27-28-29-30 JUNE AND 01-02 JULY 2023**

**INCLUDED: 42 HOURS OF TEACHING | ALL THE NECESSARY  
MATERIALS**

**MAXIMUM 5 PARTICIPANTS**

**TEACHER: ROBERTO REALI**

 **FAENZA ART  
CERAMIC CENTER**

# INTRODUCTION

Working on wheel is an art that requires time, perseverance and a small group. This basic course, thanks to the experience of Roberto Reali (wheel potter in Faenza for over 50 years), will deal with the main techniques for starting to work on the wheel such as: centring, the cylinder and then the first forms derived from the cylinder such as the bowl, the vase, the cup and the jug.

We have deliberately not specified a programme divided into days because the course is structured as a marathon linked to the repetition of gestures and techniques **essential** for entering the world of throwing.

Course times:

Daily | 9.00 - 12.00 and 14.00 - 17.00 (6 hours per day);

The course starts at 9 a.m. on Monday 26/06 and ends at 5 p.m. on Sunday 02/07.

## INFORMATION

The end of the lessons may be subject to variations linked to the progress of the workshop.  
The workshop take place in Piazza Il Giugno, 8 - Faenza | Italy
